- **Final C/C Essay due in class. Make the changes suggested on your graded character paragraphs. Add an introduction and conclusion according to the assignment guidelines (found on Weebly) to complete your essay. IMPORTANT—print out your final essay and submit it WITH the paragraphs that I returned to you graded. I cannot grade your final without also receiving your draft. ALSO IMPORTANT—please introduce the author and book title somewhere in your introduction paragraph, either as part of the general introduction, or as part of your thesis statement. By your body paragraphs, this information will be redundant so please don't repeat it.**
